

Private Pilot Course

This is your first step to becoming a pilot. You can earn your Private Pilot License and see the world from a new perspective. Rent EFA aircraft, take friends for pleasure flights, day or night. Enjoy weekend getaways to the Cape or islands without traffic. Unwind after a tough day at the office with a relaxing flight at the controls of EFA's exceptional airplanes.

A safe and competent pilot is a result of careful instruction, a solid knowledge base and sound decision making skills. Your best alternative is to train with full time, professional flight instructors who are committed to success. Our flight instructors are educators who are rigorously trained by EFA to deliver the knowledge gained by our four decades of flight training experience and produce the very best pilots in the nation.

We have trained thousands of pilots who say earning their Private Pilot License is one of their greatest accomplishments. To get your license, you set your own training schedule. Come in as often as you like, we are open every day. Added bonus - much of your ground instruction is done at home with the on-line Cessna Pilot Center interactive instruction course.

EFA Prepay Incentive

You can pay as you fly... or you can earn a bonus for block payments:

- Pay \$500 to \$999, earn 3% bonus
- Pay \$1000 or more, earn 5% bonus

Prepayment bonus is credited to your account and may be used for any EFA instruction, aircraft rental or pilot supply purchases. Not valid for 1 time rentals.
